

## DISCLAIMER- GOALS AND ETHICAL STANDARDS FOR MEMBERS

The registered goals of our organization are: providing religion and education services to the members of the (religious) congregation. Providing help and support to the needy, as well as to non-profit organizations who help the needy in Israel.

Our humanitarian aid is provided to all people, regardless of their beliefs or lifestyles, as long as they are eligible socio-economically to receive the relevant aid.

Nevertheless, as a messianic/Christian faith-based religious organization, and according to the organization's registered goals, we provide religious services to our members and participants, as long as they hold and accept the core values of the organization's belief system in different areas of life.

Members and participants' lifestyles which do not comply with the organization's core religious belief system, such as: lifestyles of substance abuse, sexual abuse, domestic violence, racism, crime, financial misconduct, bullying, divorce and remarriage outside of biblical principles, abortions, genetic engineering, etc. might affect and/or limit the participation and/or membership in the organization, in order to preserve the religious organization's right for freedom of religion.

With regards to human sexuality - based on our understanding of the bible, we believe that it is God's intention for our sexual relations to be lived out in as a lifelong, exclusive covenantal union between one adult woman (by birth) and one adult man (by birth).

Any practice of sexual relations outside of that union (pornography, non-covenantal sexual relations, LGBTQ2+ sexual relations, etc.) does not correlate with our core faith beliefs, based on our understanding of the bible (Gen. 2:24-25; Ex. 20:14, 17, 22:19; Lev. 18:22-23, 20:13, 15-16; Matt. 19:4-6, 9; Rom. 1:18-31; I Cor. 6:9-10, 15-20; I Tim. 1:8-11; Jude 7). We also believe that God created the human race male and female and that any conduct with the intent to adopt a gender other than one's birth gender does not correlate with our core faith beliefs (Gen. 1:27; Deut. 22:5). Such practices and/or conduct (unlike orientation) might limit participation and/or membership in the organization as well.

We welcome discussion with anyone who is interested in understanding more of our religious views, as described above.
